

Name _____

Due: 9/14/10

Book Title _____ Author _____

The three science procedures/ facts I will research are (describe):

A. Pg.

B. Pg

C. Pg

Notes and chapter summaries: _____ (50 pts)

Book Report Grading

Name _____

***You must hand this form in with your project.

***You must hand in your research notes to get credit for this project.

***Your report must be typed

Grading:

_____ **Cover: (5pts)**

_____ **Summary (25)** _____ **Summarize the entire book. This should read like a book jacket "blurb".**

_____ **Grammar and spelling (15 pts).** I will subtract 1 point for each error. Have someone proof read as well as running your spell check.

_____ **Creativity / writing style (25 pts)** I will look for good transitions between your ideas. Use paragraphs, do not simply answer the questions.

_____ **Format (10)** footnotes used where appropriate.

_____ **Literature Cited (10 pts).** Use the format given. *Literature cited means that you only list those works you cite (footnote).* This is the format that is utilized in scientific writing. (See survival guide). Be careful with punctuation. IT COUNTS- this is what I will grade you on. I will subtract 1 point for each error. You should have a *minimum of 9 sources listed.* (Bonus: up to +30 for extra sources demonstrating depth of research) You will probably find that the internet is the best place to look it up. The novel you read should be the top citation the rest should be alphabetized. **YOU MAY NOT USE WIKIPEDIA OR ASK JEESVES OR ANSWERS.COM (no user based information sites) AS A SOURCE!**

** See me for help with the lit cited and footnotes if you are unsure (Before the day before it is due!)

_____ **Effort (10 pts)**

Answers to the questions-

3a. Sci. Procedure #1(25) _____ Be detailed. Quote the procedure and give the page #s. research it thoroughly.

3b. Sci Procedure #2 (25) _____

3c. Sci Procedure #3 (25) _____

4. Character Analysis (30) _____

5. Affects on you (20) _____

Total 225 pts.
